INSTITUTIONAL DEVELOPMENT

Our different departments are responsible for developing programs and activities directed towards strengthening the relationship with and between Chamber members. Our primary goal is to offer excellent service to our members and maintain a direct and effective communication flow. We work arduously when it comes to fundamental tasks such as: maintaining good relationships with government agencies, legislative bodies and other associations and institutions in an attempt to establish strategic alliances when needed.

We constantly have the responsibility of structuring personalized benefits and services for Chamber members. Our personnel meet the needs of members with sensitivity, diligence and promptness, because they are the foundation of our economy. Our diverse services go from the most basic, such as the orientation on permits and licenses needed to establish a business, to the most complex, such as promoting the participation and interaction of our members in Commercial Missions. This way, entrepreneurial ties at the local and international levels are strengthened.
