Rodrigo Zavala  
Chief Operations Officer, Americas  
Puma Energy Caribe  
P.O. Box 11961  
San Juan, PR 00922

Dear Rodrigo:

Thank you for your close partnership with Amgen during our response to Hurricane Maria's impact on our manufacturing facilities in Puerto Rico. Your team's responsiveness, flexibility and collaboration have contributed to our ability to maintain our long-term track record of reliably supplying our patients with the medicines they need. The sense of urgency and commitment from your team to ensure supply of diesel fuel was greatly appreciated.

Amgen's mission is to serve patients. We leverage our expertise to strive for solutions that improve health outcomes and dramatically improve people's lives. We are pleased to have business partners who embrace our mission to go above and beyond in ensuring supply to our patients.

Today, our focus is to stabilize our operations, as well as to continue supporting our staff and the community. I look forward to our continued collaboration in this endeavor.

Sincerely,

Esteban Santos  
Executive Vice President, Operations

Subject: PUMA ENERGY SERVICE DURING HURRICANE MARIA

The Supply Chain Management Area for Pharmaceutical Products of Neopharma, Inc., Caguas P.R., dedicated to the manufacturing of products for human consumption appreciate the service provided by Puma Energy during the difficult process of Hurricane Maria in Puerto Rico.

During Hurricane Maria, we have the first business opportunity relation with Puma Energy. Puma Energy provided an excellent support and service of diesel post Hurricane Maria.

We are able to negotiate with Puma Energy our future requirements of diesel and LPG taking in consideration the excellent support provided during this emergency. However, we need discuss our payments terms to arrive to a "win-win" situation with both part of the business.

We are very impressed with the reliability and security of supply that Puma Energy can offer to our company Neopharma in Caguas, PR.

I highly recommend to Puma Energy!!!
