# Puerto Rico: Sustainable Economic Transformation

- **Puerto Rico's Current Economic Model**  
Based and developed on federal subsidies.

**Dependent on imports to target the local market.**

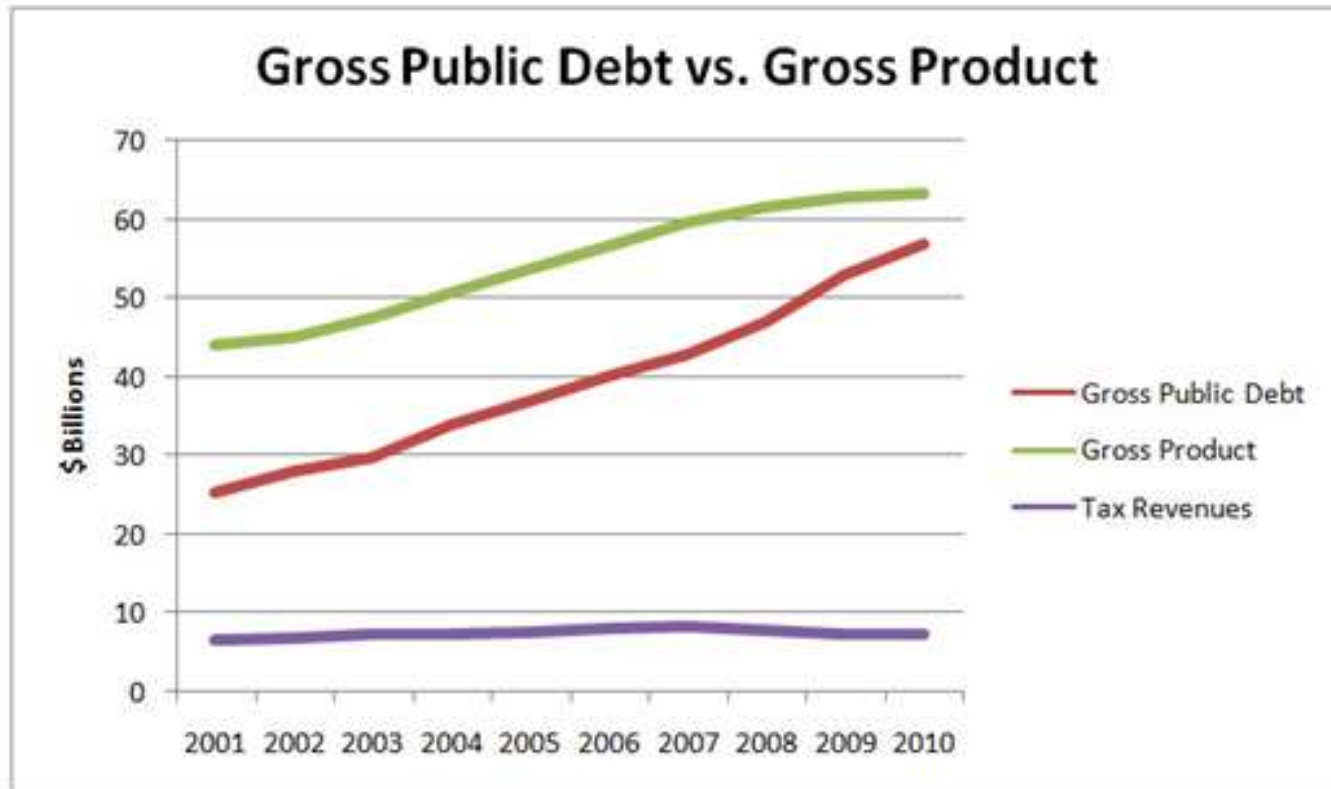

**...unsustainable as an economic model**

# Puerto Rico: Sustainable Economic Transformation

- Puerto Rico's Current Economic Model

# Puerto Rico: Sustainable Economic Transformation

- Moving towards a new economic paradigm

***Our economy cannot grow sustainably unless we produce something that someone who does not live in Puerto Rico is willing to pay for.***

# Puerto Rico: Sustainable Economic Transformation

## •Transformation towards Globalization

**Change our perspective and focus using education and the established resources and infrastructure to link into the world economy.**

### **Priorities**

- Exports
- Tourisms
- Import substitution
