

How We Can Stop the Spread and Keep America Safe & Open

We have learned a lot since the pandemic began in the spring. We can stop the spread of COVID-19, limit deaths and suffering, and prevent job-crushing lockdowns.

That was the focus of today’s event, [No Crystal Ball Needed: Keeping America Safe & Open](#).

“We know masks work. We know testing is important. We know tracing is important. We know social distancing is important. Staying away from crowded indoor activities is important,” said Chamber President Suzanne Clark.

“We have a choice,” added Neil Bradley, Executive Vice President and Chief Policy Officer at the U.S. Chamber. “This can be either a light switch or a dial. A light switch was catastrophic for small businesses and families all across this country in the spring. And if we use the dial approach—if we use masks, if we help people get flu shots—we can avoid the catastrophic outcomes again.”
