

Top Energy and the Puerto Rico Chamber of Commerce form alliance to offer its Members 6 months of free Energy

Purpose:

To assist in the economic development of the island, by directly supporting small and medium size businesses in reducing their energy consumption expense

Means of Procurement:

- Top Energy Power Subscription Agreement

Top Energy Distributed Generation Service

How is it done?

We develop, invest, install and operate photovoltaic systems on our clients' rooftop

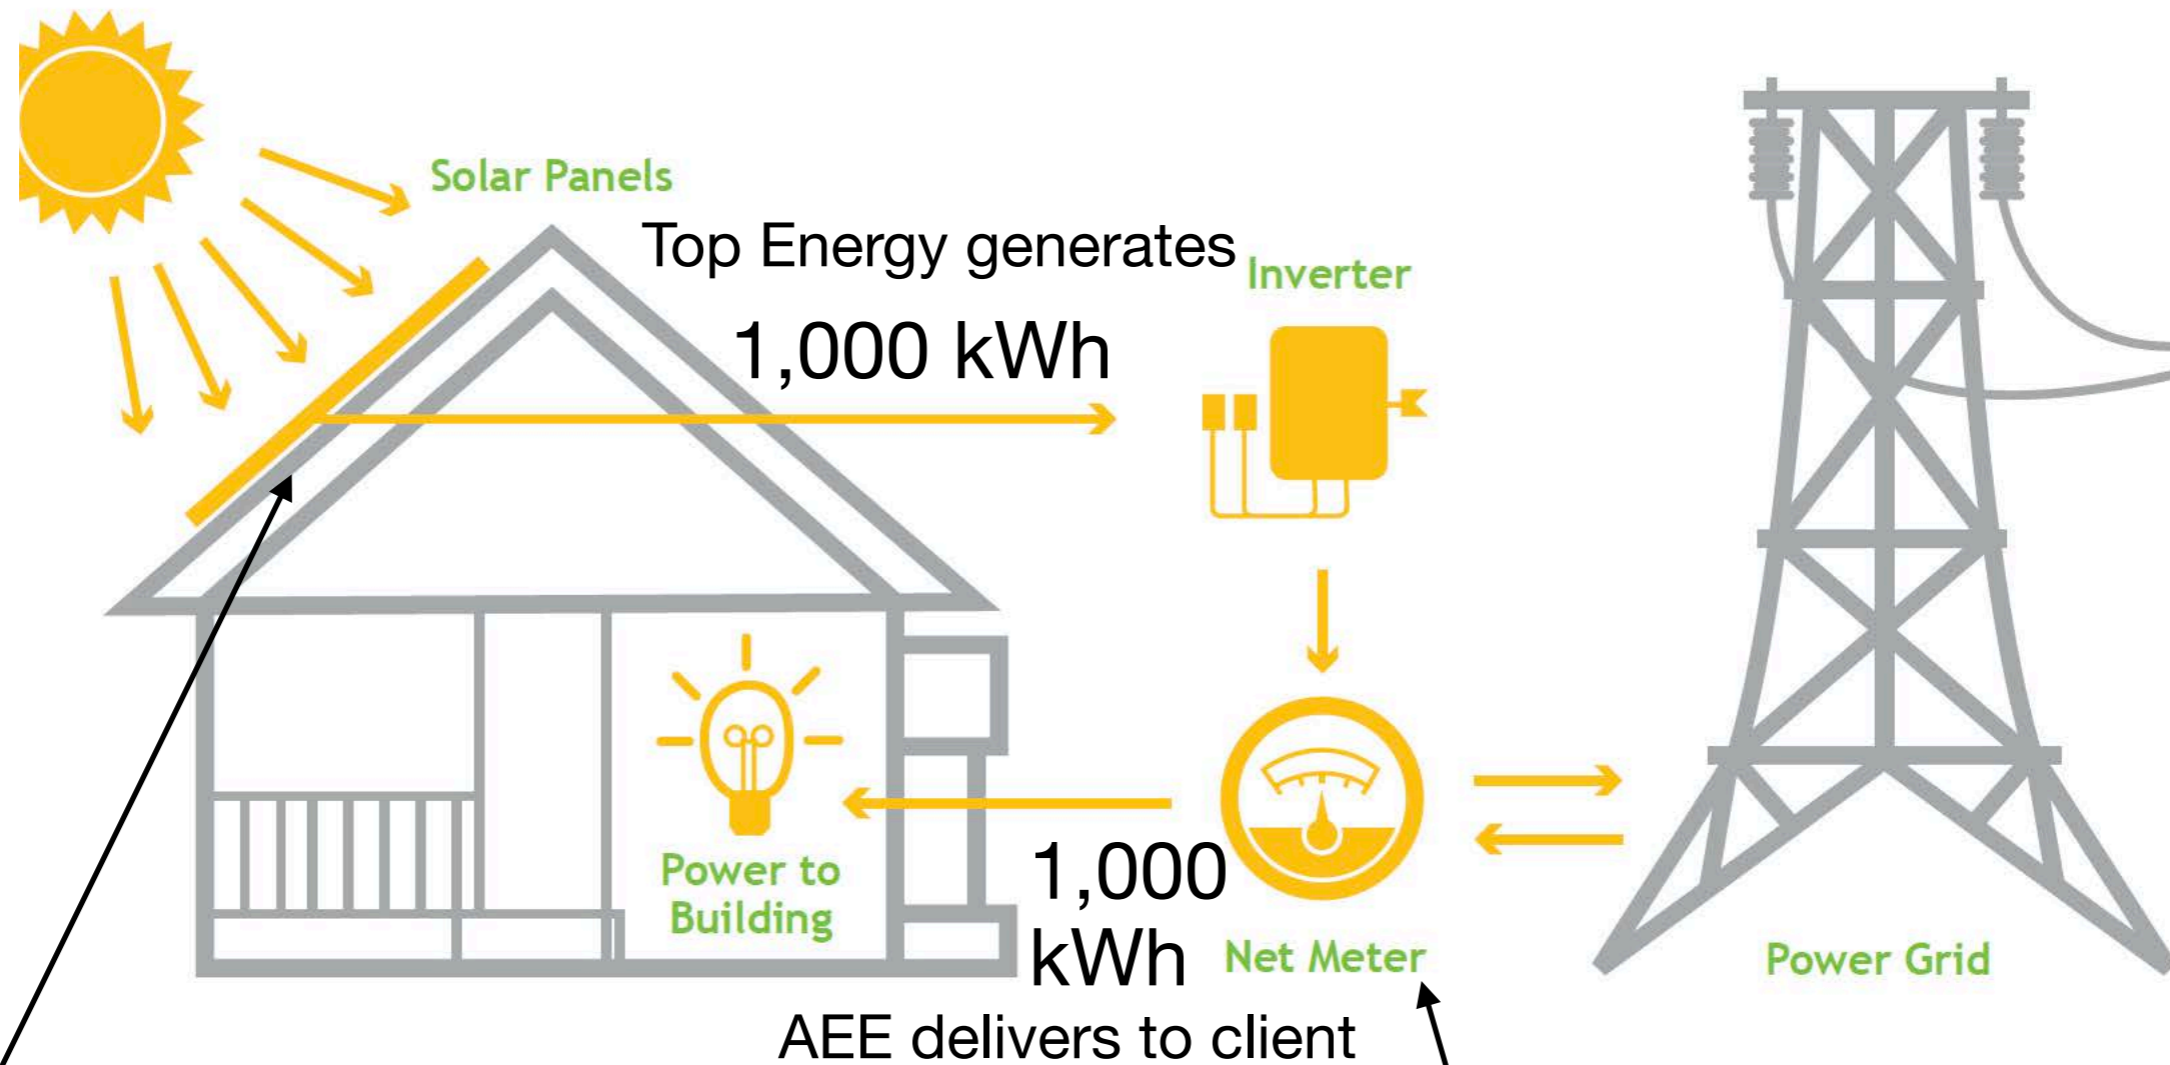

Flexible Power Subscription Agreements where terms, price and form of payment are established

Our clients only pay for the energy they consume, aligning our common interest to maintaining the generation asset at optimal operation

Top Energy Distributed Generation Service

First 6 Months of Energy on us*

First 6 months grace period for Top Energy generation

net metering = kWh consumed - kWh generated
