

Join Us for the Workforce: A Call to Action Summit on June 2

Our nation has far too many people without jobs – and far too many jobs without people to fill them. The pandemic exacerbated America’s workforce problem, and it’s only getting worse.

As the country rebuilds and recovers, we need an approach to putting Americans back to work that is simple, fast, and employer-led.

Join us: On June 2, 2021 at 3:00 pm ET, we’re hosting the *Workforce: A Call to Action* Summit to rally nationwide support for urgent federal and state-level priorities. This special event will bring together leaders from government and industry to discuss how we can close the people-jobs gap, unleash economic opportunity, and fuel America’s long-term competitiveness.
